## LAS LOMAS red 2018

**GRAPE VARIETIES:** tempranillo 80% - syrah 20%

**PRODUCTION'S AREA:** Segovia (Castilla y León)

**VINEYARD:** 5.5 Ha.

**EXPOSITION AND ALTITUDE:** 900m above the sea level. The vineyard has been planted 30 years ago.

Our climate presents a huge temperature's excursion between night and day allowing a slow maturation of our wines.

**SOIL:** limestone and sandy soils. We don't use pesticides, herbicides, etc.

**TRAINING SYSTEM:** guyot

**DENSITY:** 3.500 dry farmed vines per hectare

**YIELDS:** 3.500kg/ha

**HARVEST:** Mid October hand harvested.

**VINIFICATION:** The two varieties were processed separately. Maceration 9 days. Fermentation in stainless steel tank, settling, at controlled temperature to preserve the varieties' aromas. Not stabilized, unfined and unfiltered.

Stabilized only by winter's cold.

**AGEING PROCESS:** 10 months into used oak barriques of 225-300l

**ALCOHOOL BY THE VOLUME:** 14,5%

**BOTTLES PRODUCED:** 5.300 uds (750ml) – 756 (1500ml)

Bottled feb/2020
