

„All Welschriesling parcel are picked and vinified separately to highlight the different soils and microclimates“

Welschriesling Pure 2021

Austrian Quality Wine, Burgenland, dry

The vineyard Lehendorf is a very sparse site with a big proportion of „Seewinkel“-gravel. Exactly this stones are the reason for the lean and mineral driven flavor profile of this Welschriesling.

Gently pressed, fermented under controlled temperatures in tanks with short maturation on the fine lees, no malolactic fermentation.

Food pairing: as starter or just as refreshing glass of wine without food, roasted asparagus, grilled fish from lake Neusiedl and Viennese Schnitzel.

Variety:	100% Welschriesling
Age of vines:	40 years
Soil:	Black earth with varying levels of lime
Yield:	selective manual harvest - 49 hl/ha
